Dear Ms. Arsenault:

Docket number: AMS-NOP-12-0017

Thank you for giving us the opportunity to comment on the Sunset Review of substances on the National List of Allowed and Prohibited Substances.

House Foods America Corporation supports the continued inclusion of **Calcium Sulfate – mined** and **Glucono delta-lactone** in the National List, Section §205.605 even after November 3, 2013. We use these substances as these coagulants for making tofu and no other organic replacement of these coagulants has been known to us.
