

ORGANIC MONTH

COLLABORATE WITH

BEYOND PESTICIDES

THIS SEPTEMBER

ELIMINATE THE USE OF TOXIC, SYNTHETIC PESTICIDES!

- Pesticides (e.g., herbicides, insecticides, fungicides, etc..)
- Fertilizers
- Household Cleaners (e.g., chlorine bleach, quats, etc.) and more...

TAKE ACTION

- Planting Pollinator-Friendly Flowers (without pesticides)
- Transform your Community Park into an Organic Park.
- Free your Weeds!
- Go Organic!

SUPPORT ORGANIC

- Ensure a healthy body and mind when choosing organic to lower the number of chemicals in your body.
- Additionally, organic agriculture can reduce carbon footprint and help the climate.

BUY ORGANIC

Whether buying organic produce or products, look for the seal of approval, like below:
