

Chemical Factsheet

Synthetic Pyrethroids

(General Chemical Class)

General Information

- Fact Sheet: [Synthetic Pyrethroids Factsheet \(updated\).pdf](#)
- Product Names:
 - [Allethrin](#)
 - [Bifenthrin](#)
 - [Cypermethrin](#)
 - Flumethrin
 - [Permethrin](#)
 - [Resmethrin](#)
 - Sumithrin (d-phenothrin)
 - Tau-fluvalinate
 - [Tetramethrin](#)
- Chemical Class: Synthetic Pyrethroids
- Uses: Insecticide
- Alternatives: [Least-Toxic Insecticide](#)
- Beyond Pesticides rating: [Toxic](#)

Health and Environmental Effects

See citations at end of document.

- Cancer: Probable (1, 2, 3, 4)
- Endocrine Disruption: Possible (1)
- Reproductive Effects: Probable (5)
- Neurotoxicity: Yes (6, 5)
- Kidney/Liver Damage: Yes (6, 5)
- Sensitizer/ Irritant: Yes (6)
- Birth/Developmental: Yes (5)
- Detected in Groundwater: Not documented
- Potential Leacher: Not documented
- Toxic to Birds: Possible (7)
- Toxic to Fish/Aquatic Organisms: Yes (6)
- Toxic to Bees: Yes (6)

Additional Information

- Regulatory Status:
 - [EPA's Pyrethrins and Pyrethroids Reregistration and Labeling](#) (1/2023)
 - EPA's [Pyrethroids and Pyrethrins Ecological Risk Mitigation Proposal for 23 Chemicals Final](#) (11/2019)
- Studies [compiled from the [Pesticide-Induced Diseases Database](#)]
 - [Acute Illnesses Associated With Pesticide Exposure at Schools](#), Alarcon, W. et. al.

2005. *Journal of the American Medical Association*. 294 (4):455-465

- [A Longitudinal Approach to Assessing Urban and Suburban Children's Exposure to Pyrethroid Pesticides](#). Lu C, Barr DB, Pearson M, Bartell S, Bravo R.. 2006. *Environ Health Perspect*. 114(9):1419-23.
